

Are you getting enough (2)?

Making the transition from supervisee to supervisor

Supervision is integral to delivering a quality health care service. This practical, reflective, one-day course is relevant for SLTs from any clinical area who want to make or have made the transition from supervisee to supervisor. The course aims to consider the opportunities and challenges of becoming a supervisor; a supervisor's key qualities and skills; different supervisory styles; contracting, setting up and reviewing the supervisory relationship; in addition to on-going support and skill development in this new role. Previous attendance to 'Are you getting enough (1)?' required. Group number is limited to 15, so early booking recommended.

Tutors: **Cathy Sparkes & Sam Simpson**, www.intandem.co.uk
